

5 Goals for Child Health

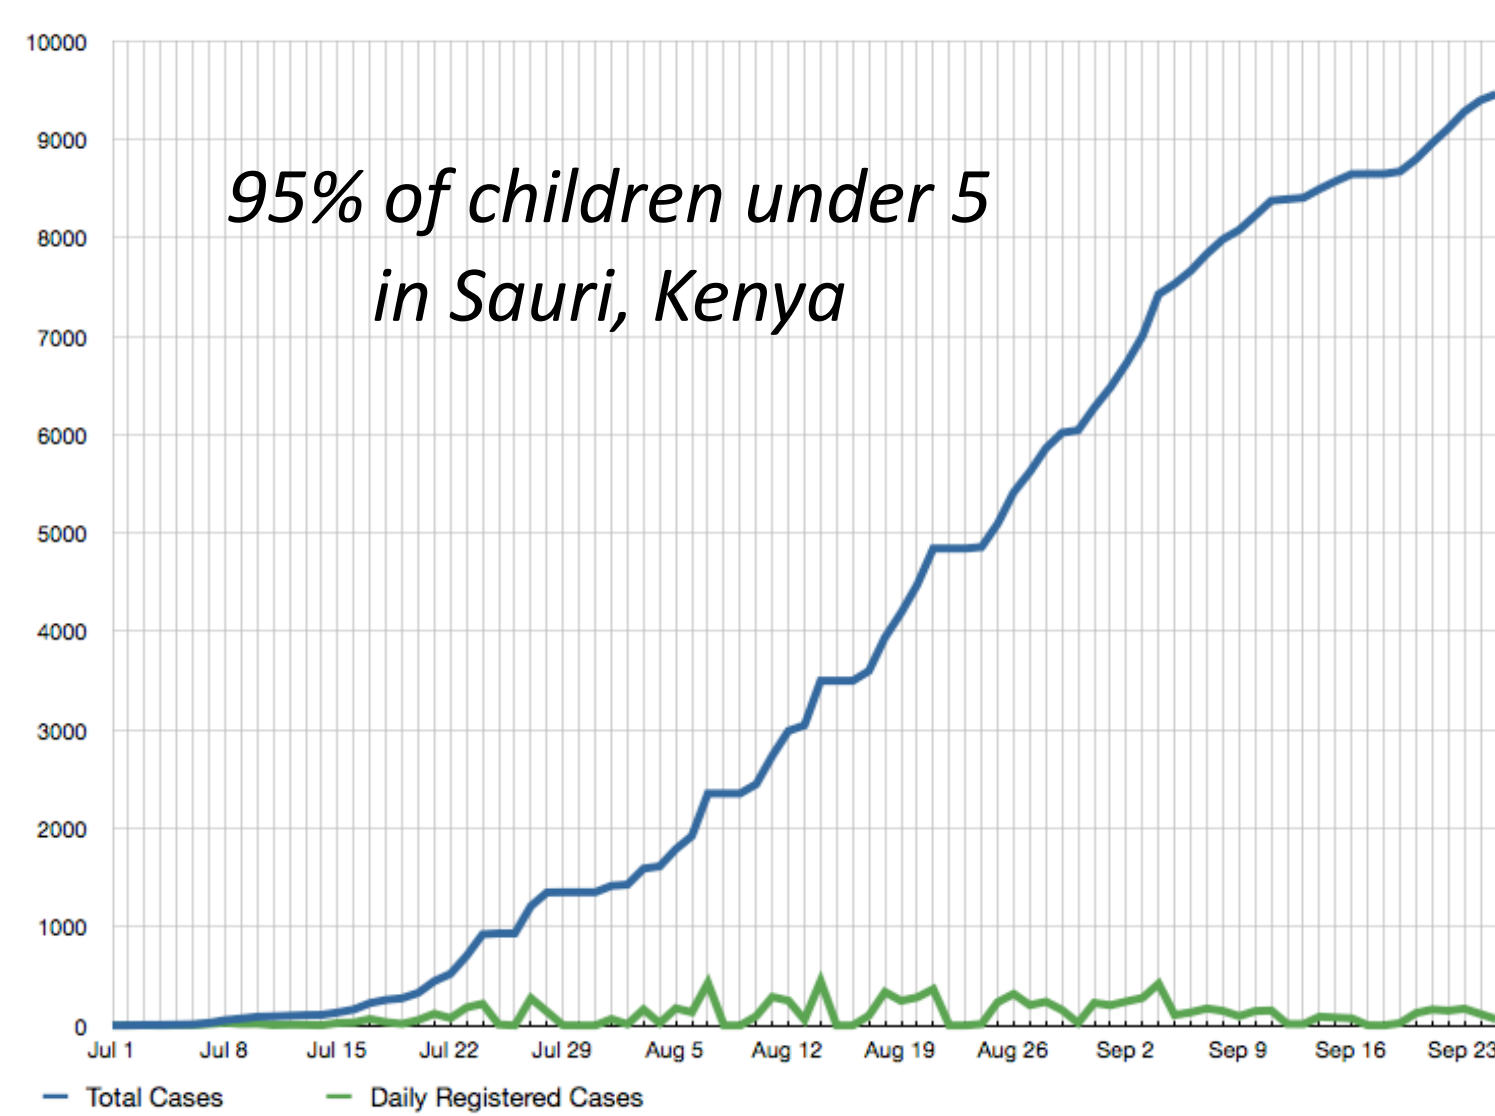

1 Register every child – Create a “living” registry of all children under five in a community. This list provides the basis for community health teams to monitor the health status of their children.

Child Registration

15	92023		F	19.04.08 - 17m					19.09.09

3 Monitor for malaria, diarrhea and pneumonia – track and treat the three major preventable causes of death in children under 5. ChildCount provides support for home based malaria RDT testing and ACT dosing, oral rehydration salt (ORS) usage and pneumonia diagnosis.

Malaria Rapid Diagnostic Test Report

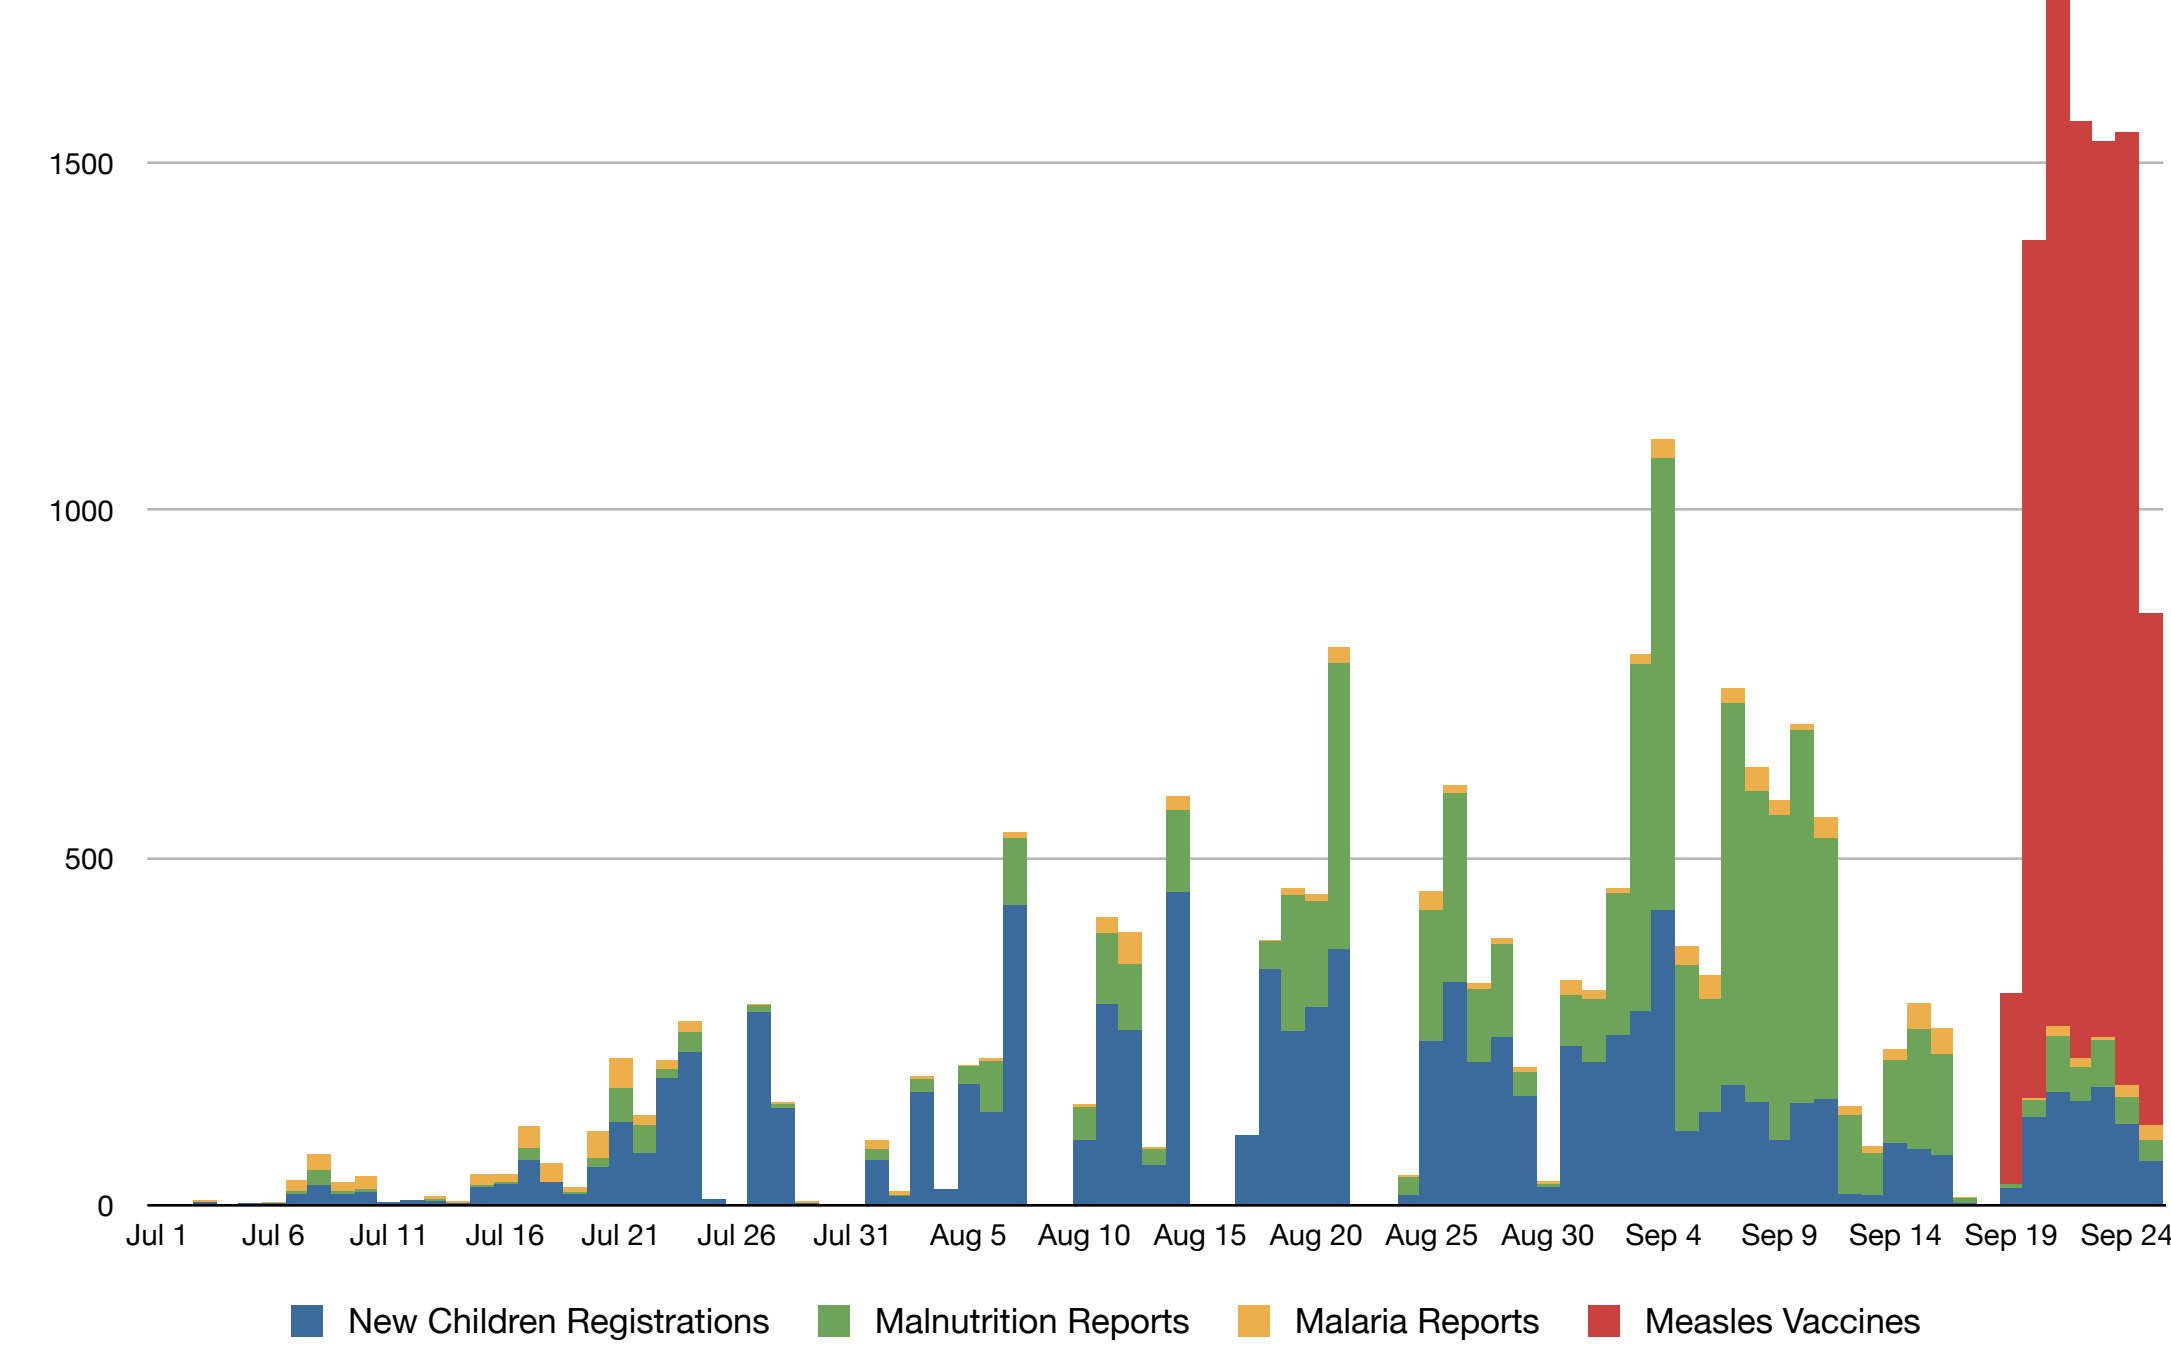

MRDT +28 Y N D CV

Code Patient ID Positive? (Y/N) Bednet? (Y/N) Symptoms

V = Vomiting, F = Fever, D = Diarrhea
A = Appetite Loss, CG = Chronic Cough
CF = Confusion, NR = Non Responsive
CV = Convulsions, UF = Unable to Feed

MRDT> Child +28, DIALLO Fatima M/13m has MALARIA. Child is less than 3. Please provide 1 tab of Coartem (ACT) twice a day for 3 days.

SMS Health Reports

2 Screen for malnutrition every 90 days - Record the MUAC of every child from 6 months to 5 years every 90 days. When a child with acute malnutrition is detected the program provides support for plumpynut based malnutrition treatment based on community based management of acute malnutrition (CMAM) protocols.

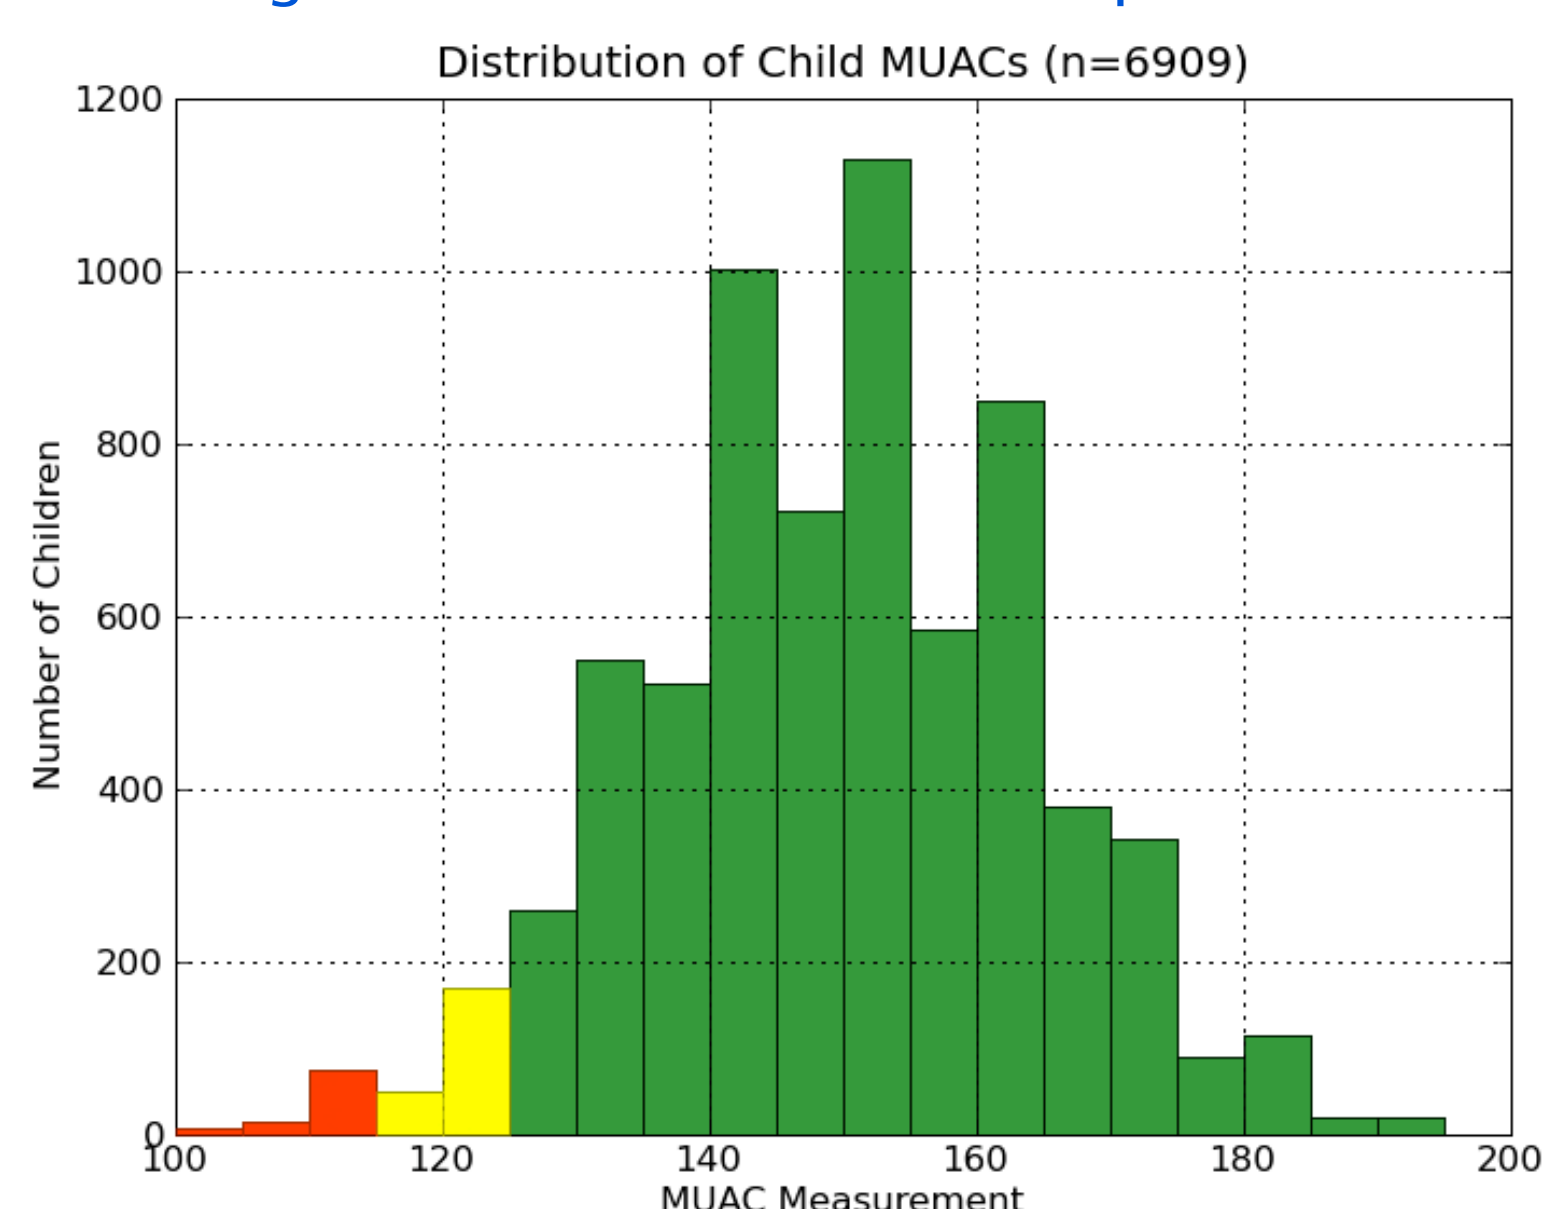

Nutrition Screening Report

MUAC +28 105 E V D

CODE Patient ID MUAC (mm) Edema (E/N) Symptoms

V = Vomiting, F = Fever, D = Diarrhea
A = Appetite Loss, CG = Chronic Cough
CF = Confusion, NR = Non Responsive
CV = Convulsions, UF = Unable to Feed

MUAC> Child +28 Fatimata Diallo F/13M has SAM+. Please bring child in for IMMEDIATE inpatient care.

4 Full child immunization support - Group all children in monthly age groups to know when a particular immunization is due. Record all immunizations and follow up with all children who are behind with their immunization schedule. Help manage vaccination campaigns.

MEASLES +452 +5652 +324 +8425

Vaccinated	Eligible	Coverage
7574	8083	94%

5 Record all births and deaths – Record when child deaths occur and enable local health teams and communities to understand why. Register all newborns to be tracked by ChildCount.
